

IMPACT REPORT UKRAINE REFUGEE CRISIS

EFN KEY OBJECTIVES IN RESPONDING TO THE UKRAINIAN REFUGEE CRISIS

Supporting members and partners on the ground through frequent communication, resource sharing, general pastoral care, connecting for needs/referrals, and emergency funding requests.

Supporting and equipping churches through providing quick accessible information to respond safely with leading practices and trauma informed care.

OUTCOMES

MAR 5, 2022 - MAR 23, 2022

5 days into the refugee crisis EFN resources for refugees and responding churches were distributed in bordering countries

EFN created 6 digital & printable resources on safety tips for refugees, churches and individuals were **translated into 11 languages**

Over 100,000 printable resources distributed on the borders and key transit point in Hungary, Poland, Slovakia, Moldova, Romania

40 EFN member and partner organizations are responding to the crises throughout 19 countries by providing transportation, shelter, aid, anti-trafficking awareness and trauma support

EFN collaborated with 5 refugee accommodation and hosting websites to ensure the safeguarding of refugees and internally displaced persons in Ukraine and in Europe

EFN participated in the international working group of over 40 humanitarian organizations responding to the crisis to provide human trafficking expertise

The EFN Trauma Working Group **hosted a webinar for churches and individuals working with Ukrainian refugees** with a curated list of trauma informed resources.

EFN, in partnership with churches and the Evangelical Alliance, has **distributed €28,000 to support humanitarian aid and resource the strategic response.**

EFN connected and collaborated with over 20 organizations addressing trauma care needs, refugee accommodation, resource sharing and creation, anti-trafficking training, and communications.
